Impact

OUR SERVICES

01

Operations & Maintenance & Cleaning

Comprehensive facility management including preventive and corrective maintenance, cleaning services, and operational support.

02

Electromechanical Systems

Installation, operation and maintenance of HVAC, electrical, plumbing, fire fighting, and BMS systems.

03

Medical Equipment Services

Biomedical engineering services including installation, calibration, preventive and corrective maintenance of medical devices.

04

Training & Qualification

Professional development programs in Engineering, Healthcare, Quality, and Management with certified credentials.

05

Management Consulting

Strategic advisory services for organizations including accreditation, government tenders, and operational excellence.

OPERATIONS & MAINTENANCE

& CLEANING SERVICES

Comprehensive Facility Management

We provide end-to-end operations and maintenance solutions for commercial, healthcare, and industrial facilities, ensuring optimal performance and compliance with the highest standards.

- > Preventive & Corrective Maintenance
- > HVAC Systems Operation & Maintenance
- > Electrical & Plumbing Systems
- > Building Management Systems (BMS)
- > Professional Cleaning Services
- > Waste Management & Hygiene Control
- > 24/7 Emergency Response
- > Facility Condition Assessment

ELECTROMECHANICAL SYSTEMS

Integrated MEP Solutions

We deliver complete electromechanical operation and maintenance services for all building systems, ensuring efficiency, safety, and regulatory compliance.

- > HVAC Systems (Heating, Ventilation & Air Conditioning)
- > Electrical Power Distribution & Control
- > Plumbing & Water Systems
- > Fire Fighting & Suppression Systems
- > Building Management Systems (BMS)
- > Elevator & Escalator Maintenance
- > Generator & UPS Systems
- > Energy Management & Optimization

MEDICAL EQUIPMENT SERVICES

Biomedical Engineering Solutions

We provide comprehensive medical equipment management services including installation, calibration, preventive and corrective maintenance for hospitals and healthcare facilities.

- > Medical Device Installation & Commissioning
- > Preventive & Corrective Maintenance
- > Calibration & Quality Assurance
- > Imaging Systems (X-Ray, CT, MRI, Ultrasound)
- > Laboratory Equipment Services
- > Dental Equipment Maintenance
- > Radiation Safety (RSO) Services
- > Spare Parts Supply & Inventory Management

TRAINING & QUALIFICATION

ENGINEERING PROGRAMS

Engineering Excellence Programs

Comprehensive engineering training programs designed to build practical skills and prepare professionals for real-world challenges in maintenance, operations, and project management.

- > Biomedical Engineering Diploma
- > Electrical Systems & Power Distribution
- > HVAC Design & Maintenance
- > Project Management Professional (PMP)
- > AutoCAD & Technical Drawing
- > Industrial Safety & Risk Management
- > Preventive Maintenance Planning
- > Quality Control in Engineering

TRAINING & QUALIFICATION

HEALTHCARE & QUALITY PROGRAMS

Healthcare & Quality Programs

Specialized training programs in healthcare management, quality assurance, patient safety, and professional certifications aligned with Saudi healthcare standards.

- > CBAHI Accreditation Preparation
- > Healthcare Quality Management
- > Patient Safety & Risk Management
- > Radiation Safety Officer (RSO)
- > Infection Control Programs
- > Medical Device Safety Training
- > Healthcare Leadership Development
- > Clinical Audit & Governance

TRAINING & QUALIFICATION

MANAGEMENT & LEADERSHIP PROGRAMS

Management & Leadership Programs

Advanced management and leadership training programs designed to develop strategic thinking, operational excellence, and professional competencies for today's business leaders.

- > Strategic Management & Planning

TECHNOLOGY & ADVANCED SYSTEMS

SMART TOOLS FOR OPERATIONAL EXCELLENCE

CMMS & ERP SYSTEMS

We leverage world-class maintenance and enterprise systems to deliver efficient, data-driven operations:

ODOO ERP

Integrated Business Management

IBM MAXIMO

Asset & Maintenance Management

- > Preventive & Predictive Maintenance Scheduling
- > Real-time Asset Tracking & Performance Monitoring
- > Work Order Management & Automation
- > Inventory & Spare Parts Optimization
- > KPI Dashboards & Reporting Analytics
- > Integration with IoT & Smart Sensors

QUALITY & GOVERNANCE

We implement comprehensive quality frameworks and governance systems to ensure excellence:

- > Total Quality Management (TQM) Implementation
- > Corporate Governance & Compliance Frameworks
- > Risk Management & Mitigation Strategies
- > Continuous Improvement (Kaizen & Lean)
- > Performance Measurement & Balanced Scorecard
- > Internal Audit & Quality Assurance Programs
- > Standard Operating Procedures (SOPs)
- > Staff Competency Assessment & Development
- > Customer Satisfaction Monitoring Systems
- > Regulatory Compliance & Accreditation Support
